

David Stewart Jordan-Haas ^{GH-R}
September 14, 1960 - July 18, 2019 ⁷⁻²⁵⁻²⁰¹⁹

The Reverend David Stewart Jordan-Haas entered into the glorious presence of his Savior, Jesus Christ, on July 18, 2019. Cherished husband to his wife of 31 years, Constance Mary, and devoted father to their daughters, Julia Elizabeth Fellows and Mary Grace Jordan-Haas, together with son-in-law, Drew Erik Fellows, David lived a life of faithfulness. "Reborn" on September 23, 1994, after receiving a life-saving autologous bone marrow transplant, David entirely embraced God's gracious gift of deliverance for the next 25 years.

David was born in Pottstown, Pa., and raised in Grinnell, Iowa. A graduate of Cornell College and Harvard Divinity School, David was ordained into Christian ministry on January 6, 1990. Certified in both spiritual direction and thanatology, David worked at Oberlin College, ministered as the inaugural Protestant Chaplain at Fairfield University, and served congregations in Mansfield, Ohio (St. John's UCC) and Darien, Conn. (Noroton Presbyterian). At the time of his entry into eternal life, he was ministering as a dearly-loved Associate Pastor at Vienna Presbyterian Church, Vienna, Va.

In addition to his immediate family, David is survived by his mother, Thomsa E. Haas; siblings Jonathan Haas (Deb Wollard), Andrew Haas (Sarah), and Elizabeth Haas; and parents-in-law, Betsy and Jack Jordan. He was predeceased by his father, the Rev. Dennis W. Haas; as well as five uncles. Many additional relatives - four brothers and sisters-in-law; eight nieces and nephews; nine aunts and uncles; cousins - join in giving thanks to God for David.

"Well done, good and faithful servant, enter into the joy of your Master." (Matthew 25: 21)

A Service of Praise in Witness to the Resurrection will be held on July 27, 2019, at 10:00 a.m. at Vienna Presbyterian Church, Vienna, Virginia.

Gifts in memory of David may be given to Vienna Presbyterian Church. These gifts will be divided equally between Community Coalition for Haiti and a fund to support families whose children need therapy, counseling, and treatment.
