

DIED

MACY.—On Saturday morning, Nov. 25, 1882, of scarlet fever, after an illness of but thirty-six hours, Prescott Little, beloved son of Jesse and Maude L. Macy, aged three years and five days.

This is the fourth child of Prof. and Mrs. Macy which has passed from their care to the care of Him who said: "Suffer little children to come unto me." Beautiful and lovely in person in their short lives, they will be so cherished in memory, and so they will be found again beyond the veil. A tenderer sorrow and sympathy this community has never known.
