**Mrs. Chas. Van Meter
Was Buried Today**

~~1-23-1928~~
Mrs. Margaret Ann Van Meter passed away early Thursday morning at the home west of town after a lingering illness of several years. She suffered severely from the flu epidemic of a few years ago and never fully recovered from its effects. About a year ago she went to Rochester hoping that her health might be aided but it was found that her condition was beyond medical aid, and since that time she has steadily failed.

Mrs. Van Meter was the wife of Chas. Van Meter. One son, Clarence, was born to them who preceded her in death a few years ago, when entering young manhood.

The Van Meters are old and respected citizens of the community and much regret is expressed at her passing, and much sympathy is extended to the husband and father who is now left alone.

Funeral services were conducted from the home this afternoon at two o'clock with Rev. W. J. Todd in charge. Interment was in the Rock Creek Cemetery.
