-When Mr. G. D. Wilkinson resigned from the board of supervisors two weeks ago, it was known that he was afflicted with a disease from which he could not recover, but it was not known that his life was so nearly run. His death at his home in Brooklyn Friday night came as a shock to the community in which he lived and the county in which he had served as a member of the board of supervisors. Mr. Wilkinson lived a life of honesty and industry and has been rewarded by an abundance of this world's goods. He has also been rich in the friendship and esteem of his fellowmen and has had the commendation of his own conscience. His usefulness was cut short by a malignant cancer of the stomach. Though a great sufferer during his last days on earth he was patient through it all and died as he lived trusting in Him who doeth all things well. Funeral services were conducted Sunday afternoon at two o'clock.
