ALBERT ROMIG, SON OF REV. AND MRS. W. H. ROMIG, DIED OCT. 8.

Friends here have received word of the death of Albert Romig, a former resident of this place, which occurred at Boulder, Colo., Wednesday, October 8.

Albert Stanley Romig, eldest son of Rev. Wm. H. and Cecilia Bigler Romig, was born at Uhrichsville, O., August 31, 1888, and died at Boulder, Colorado, October 8, 1919. After graduating from Purdue University, Indiana, in 1913, he came to Iowa with his young wife. On account of his health he took up out of door work, clearing his mother's timber farm west of Victor. During his two years' residence there he won the respect and esteem of all who knew him. Early in 1915 he was called to the teaching force of Wisconsin University at Madison. In his second year's work there his health failed, and after a very serious operation and partial recovery, hoping a change of climate might be beneficial, they went to Colorado, where he grew stronger, last year teaching Engineering Mathematics in the University of Boulder. He had just begun his second year's work of teaching, when, after a week's illness he passed away. He leaves to mourn his early death, his wife, one son, his mother, two brothers, six sisters and many other relatives and friends.
