

James Byrnes died at 10 o'clock in the morning of Tuesday at the home of his brother, Thomas, 912 Spring street, aged 23 years, 8 months and 4 days. Death was caused by tuberculosis. The body was taken yesterday morning to Brooklyn, where the funeral was held from the Catholic church. Mr. Byrnes was a plumber and worked at his trade in Grinnell for some time. Just before last Christmas he left Grinnell for a brief trip to his home country, Ireland, and returning to this country, he worked near Cleveland, Ohio, until he became too weak and returned to his brother's home about two weeks ago.
