

MS

1-18 CARRIE EMELIA ENERSON. 1907

Carrie Emelia Enerson was born in Norway, Jan., 6, 1857 and died at the home of her sister, Mrs. G. Martinson, Sunday morning. When a girl of nine years she came to this country with relatives and located at Fulton, Ill., where she made her home for three years. She then moved to this country where she has since lived with her sister. She leave seven sisters and a brother to mourn her loss.

The deceased was a hard working, earnest and competent woman who lived her life conscientiously and faithfully, performing the daily tasks without complaint and with steadfast faith. She was a kind sister who will be missed both by those who were attached to her by blood ties and by the larger number in this community who were attached to her by the close bonds of firm friendship.

She was always affectionate and helpful and won warmest respect in all families that she entered. Faithful as she was to all friends and devoted to all relatives in her maturest years she gave her heart to a little neice who bore her name and when the little one died Miss Enerson seemed to lose much of the sweetness of life. Her Christian faith added beauty to her years.

Funeral services were held at the Lutheran church yesterday afternoon conducted by Prof. L. F. Parker and largely attended by the Scandinavians of this community. Interment was made Hazelwood cemetery.
