

12-20 Lillian Foster. 1910

Lillian Foster died December 16, after several years of bodily and nervous weakness, and was buried Sunday in Hazelwood. She was the daughter of Mr. and Mrs. W. A. Foster but since a little girl had lived with her uncle and aunt, Mr. and Mrs. A. A. Foster. She attended the Grinnell schools and had nearly completed the high school course when she was compelled to discontinue her school work owing to growing nervous weakness. The funeral service was private, conducted by Professor Buck. A few words of loving hope and a solo by Miss Bartlett concluded the service.

Those who remember the happy life and loving disposition of this young woman before disease overtook her can but mourn the sadness of her last years.
