Mrs. Sam Mitchell.

Word reached the city yesterday morning of the death of Mrs. Sam Mitchell at her home in Pasadena, California. The body is being brought to Grinnell and it is expected that it will reach here on Sunday morning. Arrangements for the funeral services and interment are not yet fully decided upon. Mrs. Mitchell was the center of a happy family which for a number of years made their home in the country just west of Grinnell. Mrs. Mitchell developed tuberculosis and a few months ago the family moved West in the hope that her health might be benefited. The sad news which was received yesterday makes it evident that the effort was in vain. Mrs. Mitchell leaves a number of relatives living in this vicinity and hosts of friends who will mourn most sincerely the passing of a true and helpful woman.
